

# ANDY ESTEVEZ

Phone: 347-833-7564  
Andyestevez27@gmail.com

Bronx, NY

## OBJECTIVE

---

To obtain and develop knowledge in the tech field. Gain new experiences with new programming languages, and different aspects of Computer Science.

## EDUCATION

---

<b>BS</b>	Lehman College, Expected Fall 2020 Currently 3.6 GPA	Computer Science
-----------	---	------------------

## PROJECTS

---

### Bitcoin App (Android)

- Mobile Programming, Java & XML
- Created a Login System to view other activities
- Get the current pricing of Bitcoin + intervals of 24 Hours/1 Week/1 Month from API
- Create & track the portfolio value when adding transactions made for Buy/Sell
- Involves creating data from time and price to make graphs, remember login

### Movie Site (React)

- Track popular, top-rated, movies through TMDB API
- Created a search function to find a specific movie
- Get the cast & crew, and recommended movies for that individual movie
- Involves using states, react-routing, mapping through API, conditional rendering

### Movie App (Android)

- Mobile Programming, Java & XML
- Created a pop-up notification for when user interacts with app
- Created a favorite movie list that allows the user to add or remove films on their list
- Involves using Arrays and ArrayLists to maintain the list the user created
